of agriculture  
through education.

THANK YOU FOR YOUR SUPPORT

# MESSAGE FROM THE CHAIRMAN

## Sowing the Seeds of Agricultural Knowledge

There are many worthy causes that compete for our dollars, but there are few that have as direct a connection to what we do as farmers and ranchers as the American Farm Bureau Foundation for Agriculture. The Foundation sows seeds of knowledge by producing agricultural literacy materials for educators and students. We sow those seeds in the hope that young people will grow into informed consumers who understand the importance of agriculture and how and why farmers and ranchers do what they do—consumers who will be inoculated against the spreading virus of misinformation.

The Foundation uses a variety of programs and activities to educate about agriculture:

- My American Farm—an online educational game tool
- White-Reinhardt Mini-Grants—grants to county and state Farm Bureaus for ag literacy projects
- Scholarships for teachers to participate in the National Agriculture in the Classroom Conference

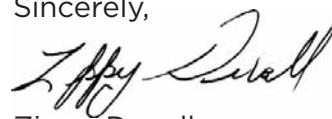

- On The Farm outreach events for children's book authors and educators
- The accurate ag books program, the Book of the Year and lesson plans
- Volunteer kits for classroom engagement
- Urban outreach events

These education programs and tools reach children and demonstrate the many ways agriculture nourishes their families, their communities and their country.

All of these efforts would not have been possible without your generous support in 2016. Any donation, no matter how small, helps us create these materials and get them into the hands of educators and students. Thank you for recognizing how important agricultural literacy is to the future of our nation.

Sincerely,

Zippy Duvall

Children's books authors in Orlando visited a working cattle ranch and a meat processing facility, met with real ranchers and learned more about the beef industry.

“ ONE EDUCATOR SAID:  
I am humbled by the care  
and commitment the farmers  
put into their farms. I have  
grown to have great  
compassion for them.”

# YOU CAN MAKE A DIFFERENCE

Did you know it is because of your donations we were able to provide over 200 free resources to educators and volunteers?

Your donations have really made an impact in 2016. Not only did they help us create resources, they also helped us reach students and teachers across the country. Because of your generosity we were able to attend the USA Science and Engineering Festival, award grants that expanded ag literacy programs, held our national “First Peas to the Table” contest and more!

Thank you for making 2016 extraordinary. We are so grateful for your support.

As we look to 2017, our 50th anniversary, we hope to accomplish even more. I encourage you to make a contribution to the Foundation so that we may continue with this critical mission to build awareness, understanding and a positive public perception of agriculture through education.

Will you join us? Let's keep going, 50 years and growing!

A handwritten signature of Julie Tesch.
